He said this would after the crime to prevent the row when the court will hold another session as it will also do on Monday, June 16th, the final day of adjournment for the term.

Regarded Favorable to Missouri. The criticism of the apportionment of value between inter-state revenue basis and the apportionstate freight business as two and a state business was regarded here as favorable to the state of Missouri in its fight to uphold the validity of the maximum freight and twocent passenger law enacted by it. Similar confidence was inspired in advocates of the Arkansas state rate regulations but all recognized that the statement of the court that criticising the apportionment of the each case of alleged confiscation must rest on its own bottom might mean the setting aside of the Missouri and Arkansas laws. The states that the division should be made acof Oregon and Kentucky were regarded as almost certain to win their rate cases involving the validity of the state freight rates be- return when the return itself was in cause in each instance practically the only objection to the laws was their reputed interference with inter-state commerce. For a like reason West Virginia two-cent passenger law would be upheld.

The decision was announced by about thirty-five thousand words. The court was unanimous with the possible exception of Justice Kenna who merely concurred in the results.

Justice Hughes considered the attack upon the state rates in two parts, the one that they played an unlawful burden on inter-state commerce and the other that they were so low as to confiscate property of the railroads. In considering the interstate commerce phase he took it for granted that the state had the power to regulate rates between points within the state of Minnesota on railroads not crossing the state lines and so far from the boundaries as not to compete with the lines of other states or other-

wise affect interstate commerce. He next reached the conclusion that intra-state rates whether on purely intra-state railroads or interstate railrods had not been regarded by the courts as being a direct regulation of interstate commerce. He pointed to the regulation of rates on railroads in Illinois and the Erie canal in New York by the respective states concerned in sup-

port of his conclusion. Makes Intricate Argument.

The most intricate argument in that this was a well known field in the details. which the states could exercise their authority until congress had seen fit Finally he arrived at the conclusion ert E. Tribune Manager Severely Scores Those Who **Pad Circulation**

WANTS STATEMENTS

Expresses Hope That Present Law Will Be Found Constitutional

HEAD TO BE PRESIDENT

only nominee will be elected presiclubs next Friday

Among those who made addresses at the afternoon session today was William Shaw of the Christian Endeavor World of Boston and James

James Keeley of the Chicago Tribune, speaking before the ocnvention of Associated Advertising Clubs of troubles that exist between advertiser prevent harmonious dealings between the man who publishes and the man who advertises, are based on what might eurhoniously be called one HARRISON PLACED ON TRIAL standard for editorial honor and another for business. Stripped of politness of phraseology, the trouble or problem, he said, "was really pased on lying.

'That is the root of it." he conand with the lie there goes necessarfly, hand in hand, secrecy, subteruge, lack of co-operation and trouble for the advertiser who cannot filed briefs in support of the state in state inspection laws, state employ- Attorney Holt. The work of obtain- the honest publisher and the state- petitor. ment of the dishonest publisher. A Strange Condition.

"It is a strange commentary-yes, constitutional and he truth about what they have to

"What would your tailor say, if when you purchase a suit of clothes to participate in this farce. ou should insist on submitting to would a jeweler think, a reputable testing with acid and file the article an unscrupulous competitor. No such proof. Dunne and Speaker McKinley held a that he was buying? What would conference today and agreed that any reputable merchant say if his the following measures shall have goods were analyzed, tested and oththe right-of-way in the house this erwise inspected before they were urchased?

"And yet, this is the situation in

the publication field today, and this situation, humiliating as it is to the troublesome to the advertiser, is due largely, yes, wholly, to the newsparers themselves. The circulation Har is not quite as eld as Gutenberg types, but he is not much younger. He is not, I am glad to say, as numerous as he was years ago, but he is just as perniciously active as ever, and his influence is more devastating than at any time past. His performances, however, are not ed in the scale with those of an unin the days gone by. You know, and I know, that for years a circulation the co-operation that should exist belli. statement was generally regarded as entitled to the place of honor in any Co-operation is essential and in my joke book. There were men, the judgment, the keynote of the comsoul of honor in the editorial conduct ing successful newspaper of Ameritate to make a sport of veracity when operation, not only personal service it came to circulation.

"As time rolled on, advertisers be gan to insist on knowing what they were buying. If they paid for 'all co-operation I believe should apply wool," they did not want shoddy. As equally to the advertiser. We are a result various schemes and methods | endeavoring to put this belief into were devised for finding out if the practical operation. We are enguardian of public morals, exposer of that exist for them in the territory declared his belief today that the by a smaller craft. public morals, exposer of crookedness, and prophet of reform, was printed. We have set aside a fund United Mine Workers officials under SINGER COMPANY LOSES SUIT. telling the truth. Think of irony of this situation. And when I think of it, I do not blame the advertiser for accepting it, I do not vertiser for accept with a grain of salt any publisher's statement, and I also have a certain amount of sympathy for the advertiser who resents editorial criticism of the veracity of his statements when he knows that the profession rapping him over the knuckles contains in its ranks some of the finest long and short distance falsifers on earth

False Circulation Figures a Menace. These men who lie about their circulation, who defraud the advertiser, are just as guilty of obtaining money under false pretenses, as is the cheap swindler who palms off a brass watch on a farmer under the pretension that it is gold. One of these days I hope to see this guilt Zeppelin arrived here today on made equal under the law. If an ad-

false statement regarding circulation. I hope that the law will be so STATE OFFICIALS I hope that the law will be so amended that it will be made obligatory on the editor, publisher or owner, to sign the circulation affi-

davit personally.

'At the present time, one in a subordinate position can sign the statement. In Germany each newspaper has a libel editor. When a libel is published and the paper brought into court, the libel editor assumes responsibility and goes to jail. That is his job; that is what he is paid for. We do not want in this country circulation editors who, for a safary commensurate with the risks they run, will take a chance, commit 'perjury, and then act as scapegoat for the real criminal. Once the real circulation liar sees

"One the real circulation liar sees the penitentiary doors opening, the situation will be clarified. The honest, truthtelling publisher will have the menace—and it is a menace—of unscrupulous competition removed from his path. All publications will be on all fours, and the maker of a good newspaper will reap the reward of his industry, genius or whatever you want to call it, and the maker of a poor newspaper will suffer for his incompetency.

'The gentlemen whose tongues and than their press rooms can turn out BOSTON, June 9.-William Wood in twice their running time, not only Head, of San Francisco, being the cheat the advertiser, but they also hamper you by hampering the hondent of the Associated Advertising est publisher. The man who makes dishonest competitor will simply take per cent., get someone to swear to the state. his tabulation, or fix his books and records and get some auditing or the correctness of the figures handed to its representatives. You have all seen these certificates.

The New Postal Law.

"If the new postal law is held covery every shipment in constitutional, and a few gentlemen go to the penitentiary-and I thing you can safely trust the newspapers of the country to see that perjury either is not committed, or if committed, punished-then the necessity for these examinations, and the resultant certificates will cease, If on the other hand the law is not persons overcharged. held constitutional, then there must of examining circulations, if the advertiser is not to be swindled and distinguish between the statement of mentioned, by a dishonest com-

The cost of the mem- each day and meetings have been orial, amounting to about \$3,000, was contributed by other veterans ships when special speakers told of who had been prisoners of war at the benefits to be derived from this here from almost every important Camp Morton and all of whom were great crop. Interest in alfalfa has pleased at the opportunity to mani- not reached such a degree in Morer who did everything in his power to make things more comfortable for

> them during their confinement. The ceremonies at the unveiling of he memorial were of a brief but impressive character. Governor Ralston made the opening address of welcome. General Bennett H. Young of Louisville, commander in chief of the United Confederate Veterans, and Vice President Thomas R. Marshall accepted the memorial in behalf of the state of Indiana. Other participants in the program were Mr. Cunningham, the donor of the ana university, President Stone of Kinney of New York, who designed the bust.

PORTLAND ROSE FESTIVAL. Portland, Ore., June 9 .- With the arrival of Rex Oregonus at noon to-

day Portland's annual Rose Festival formally opened. The king of the festival and his court came up the Williamette on the royal barge, 'Sea Otter," convoyed by a gayly decorated fleet of pleasure craft. After landing amid a thunderous welcome of bells, whistles and gun salutes the merry monarch was presented with the keys of the city.

The carnival program this year is

much more elaborate than in previous years, and each day of the week will be full of brilliant features. This afternoon the great show was opened at the armory. Tomorrow entitled "Flowers and Gems of Ore- oat stubble. festivities of the week.

R. Hem- tain estimate about the oat crop. believe that a number of fields of oats which farmers are now counting as practically failures will yet make a reasonable showing if we have plenty of rain and other favorble conditions from now until harvest time. So far as corn is concerned there have been good rains in almost all sections of Morgan county within the past weeks and the condition of corn is not at all bad. A number of farmers who have had a bad start have replanted and the season is not so far advancel as to at all endanger the crop if we have a normal season from this time forward."

Not a great deal of rye is raised in this county but it probably would be if all the seed planted could be depended upon to be as, prolific as some rye that A. C. Rice recently found on his farm east of Jacksonville. There is a little rye growing there as a volunteer crop along with wheat the same field having been in rye a year ago. one stalk or hill which Mr. Rice recently dug up he found 47 stems headed out and two without heads. Figuring on a very moderate basis this would show that this one grain of rye had produced more than 700 NORTHERN SOLDIER. other grains. One reason that rye is not cultivated more here is the ans of the union and confederate difficulty in finding a sale for it. So armies, with many other interested little is raised hereabouts that the spectators, thronged the rotunda of price paid by elevator men is not the Indiana capitol building this af- equal to that in localities where typifying the patriotic feeling of Over in Cass county along the Illiprofitable. The of land which is worth \$200 an acre.

held in a great many of the townfest their gratitude to the command- gan county but more and more experiments are being made with it James Elliott living northwest o Jacksonville has been trying to get a good stand of alfalfa for the past three years but without specially good success. The first year he planted the seed in August and got a splendid stand but the winter was so severe that it was all killed out. That year there were made the address of presentation, three acres and last year he plowed up the same field and put in thre the seed was planted an exceedingly heavy rain storm came, a veritable cloud burst with the result that so memorial, President Bryan of Indi- much of the seed was washed away or drowned out that only a very Purdue university, and Miss Belle poor stand was secured. It was deemed, best, however, to let it grow and make what it would. Isaac Watson has been one of the most successful alfalfa growers of the county and Mr. Elliott recently asked his opinion as to the best way to handle this particular tract. was uncertain whether it would be better to plow the field up ready for another planting or to simply cultivate the bare patches and plant seed there. Mr. Watson recommends that the whole field be plowed up as soon as possible and kept worked until about the middle of August and then seed put in. This is probably the plan that Mr. Elliott will

> Phosphate Benefited Clover. Edward H. Ranson, of Jackson-

ville rural route No. 2 in Prairie Farmer:-In the fall of 1906 we night the gorgeous electrical parade had a good stand of clover in our We applied 1,000 will be given. Floral parades, pounds of rock phosphate per acre a battle of flowers, daily band con- and plowed it under, leaving a strip certs, balls, motorcycle races, ath- in the center of the field without etic contests, aquatic sports and phosphate. The years of 1907 and pyrothechnical displays fill up the 1908 it was in corn, 1909 in oats week's program. The city is gor- with clover; 1910 in clover, 1191 geously decorated and the hotels are and 1912 in corn; this year I am rowded with strangers who will vie sowing oats and clover. Each year with the residents of Portland in the it was in corn, I would shock six enjoyment of the merry making and rows out of the middle of this strip six out of where we had used phos phate, and weighed them, finding a difference of not more than The following officers of the Cigar bushel, sometimes one way and sometimes the other, nothing favorable for either.

I could not see any difference in the oat crop. The clover on this strip was light, only about 10 inches high, and you could see the ground anywhere easily. Where I had used phosphate, it was so heavy and tall that you could not see the ground, so heavy that it was all the mower could do to cut it. It was so tall that it had to bend to let the buggy Armstrong, F. Muehlhausen axle passed over it. I should judge there was about four times as inuc clover where there was phosphate Timmerman, P. Knobel, H. Linder- as there was on the strip where there was none,

I always try to grow a four-year rotation as follows: Two years corn, one year oats and clover and one year clover. I always hog off the clover, if I can, so as to build up the land more.

I estimated there was enough extra clover where I used phosphate to pay the cost and expense of the phosphate, but the clover is the only thing it has helped yet.

The Pastors' Aid of First Baptist | ALEXANDER BEVAN PRESENTS ROMANY OPERA COMPANY

Famous Singers Will Appear at Grand Opera House Tonight and Each Night During the Remainder of the Week.

The Remany Opera company, now appearing at the Grand 'opera house, has become a standard attraction in the best vaudeville houses from coast to coast. It was organized Mr. Alexander Bevan about eight years ago, and has since continually headlined in all the principal theaters controlled by Mr. Keith, the Orpheum circuit and Klaro & Erlanger. They play their act amidst picturesque scenery, representing a Gypsy encampment. The singers number eight, four women and four men, and are dressed i handsome Spanish and Italian costumes. The prima donna of the company is Signora Adelina Dosseng who has sung in the best Italian opera companies of Italy. She is a very beautiful woman and was brought over to this country to sing important roles in opera. Mr. Bevan was fortunate enough to engage her on his last visit to San

not open until 9 o'clock this morn- Francisco. Mr. Rosemini has been the principal tenor of the organization eve since its inception and has met with Field & Co., Chicago, is visiting her applause throughout America. Mr mother, Mrs. Sarah Powers on South Porcini, the baritone is the posesso of a wonderful voice, and his ren Mr. and Mrs. Bright Tulpin of dition of the Eigars song is one of Franklin were guests over Sunday the features of the act. Miss Char at the home of her parents, Mr. lotte Anderson is the mezzo so and Mrs. Phillip Grant on East prano and is one of the only Ameri cans in the company. She also has Mr. and Mrs. Frank Cox and been with the company for a long time and is a great favorite through-

visiting at the home of Mr. Cox's out the country. mother, Mrs. Alice Cox on South Mr. Alexander Bevan is the originator of the idea of presenting Harry Dickinson of Kansas City grand opera in vaudeville in such a arrived in the city Monday and is a manner as to appeal to the public guest of his uncle, Percy Dickinson, He himself is a basso of consider and Mrs. Edward Gibbs of the Lynn- able renown in Europe. An Englishman by birth, he has been in this country about eight years, and in Louis who was called to Winchester that time has made the Romany by the death of his sister, Mrs. Opera company an established institution, whose yearly visit is eager. ly anticipated in all the principal

cities of the United States Music lovers of Jacksonville should seize this opportunity o hearing some real grand opera singers and at the same time should support Mr. Hunt in his enterprise of bringing such an expensive com pany to his theater.

at the home of her parents, Mr. and Mrs. John J. Reeve, and his parents, Mr. and Mrs. Ivan Wood. AT SOUTH SIDE MISSION. The annual Children's day service at the South Side Christian mission was held Sunday afternoon. A very pleasing program had been prepared, the children having been trained by Messrs. Mary Maxon and city this morning for a visit at the | Malissa Smith. A prominent feature of the service was the unveiling of portrait of the lamented G. L. Wharton, the pieneer missionary to

TO COMPETE WITH PENNSYLVANIA COAL.

New Orleans, June 9 .- With the arrival here today of the first barge of coal from the Alabama fields by the all water route a mighty rival is ready to grapple with Pennsylvania for the fuel market on the lower Mississippi. Giant dredges have at last opened a great fluvial highway into New Orleans, which, in a large measure, overcomes the advantages which nature gave the coal companies along the Monongahela. The shipment that arrived today is small, but it is believed to be the forerunner of millions of tons and to mark the accomplishment of one of the most important commercial achievements in this section since Eads cut his channel through the shifting bar at the mouth of the Mississippi.

It is not alone the New Orleans market that is now concentrating the attention of the great coal con cerns on this port. Within a few months the Panama canal will be reality. With the converging many steamship lines coal will trimmed into bunkers at an enor mous rate at the isthmus. Owing to its proximit. New Orleans expect velopment of the west coasts of Cen tral and South America the reason for the tense situation in the coal industry becomes apparent.

Pennsylvania has held the whip hand on the coal situation in the lower Mississippi valley for generations. The cost of bringing coal down with the current was so small that there was no chance for successful competition. Ther coal was found in Alabama, but high costs of transportation offset the advantage of its The outlook changed. nearness. however, when a wa'er route from Alabama was shown to be possible The new route is through newly deepened channels through the Tombigbee and the Alabama rivers into Mississippi sound, and thence to New Orleans by a short cut through Lake Borgne and the canal connecting the lake with the river.

Millinery now at half price. Floreth.

CITY COUNCIL HELD BRIEF SESSION MONDAY

Wabash Road Will Pay Taxes-City Getting Figures on Electric Generator-Officers' Reports Re-

At the city council session Monday morning little other than routine usiness was transacted. The greatest interest attached to the figures secured by Commissioner Brennan on a used generator and engine which may be possibly secured for the light department. Commissioner Brennan was authorized to advertise for bids for a new generator. A communication was read from Mayor Davis showing that after he and City Attorney Thompson had explained to the Wabash that the road's refusal to pay taxes was based on mere technicality that the management speed-

ily agreed to make payment. The session was called to order the mayor and all commissioners gone through with and a number of officers' reports were received and placed on file and are summarized

A communication was read from Mayor Davis relative to the Wabash tax matters and it was as follows: Jacksonville, Ill., June 9. the Honorable Commissioners of

the City Council: In company with City Attorney P. Thompson, I went to St. Louis last Thursday and talked with Mr. Miller, general manager of the Waash railroad relative to the company's taxes. Objections had been entered by the company attorneys on the ground that the tax levy ordinance had not been properly passed. Upon learning that the objection was burely a technical one, Mr. Miller immediately agreed to have the objections dismissed and pay the taxes in full. This was done on Saturday and a check probably will be received in a few days.

Respectfully submitted, George W. Davis, Mayor. Commissioner Brennan, in reportng as to a generator and engine for the light plant said that he had figures from Arthur Jones Co. of Chicago who asked \$5,500 for a 250 K. W. generator together with an Erie City 4 valve simplex automatic engine. The Pfannmueller Engineering Co. offered a 250 K. W. generator and an Allis Corliss engine for \$3,500 The Gregory Electric Co. has a 200 K. W. generator for \$1,250, but has no engine of the kind desired to of-

On motion of Commissioner Knollenberg, it was decided that Com- Indiana missioner Brennan shall advertise for bids for a 200 K. W. generator, three phase 60 cycle revolutions, 200 R. P. M. By the same motion Mr. Brennan and Engineer Catherwood were authorized to visit Galesburg, North Dakota Chicago or St. Louis to examine any used machinery that they thought advisable. Mr. Newman said he was in favor of this motion if the ex- SECURES EXCELLENT penses included nothing but railroad fare and hotel bills.

nographer present city attorney took the office that he did so with the understanding that there would be no expense for a stenographer outside of the city hall. Arrangement was made to increase the salary of the stenographer at the city hall \$10 per month and have the work done there. This arrangement, however, did not prove practicable, as the city attorney found that he could not get much aid from the stenographer when she was down at the city hall and he in his office in the Morrison building. It was subsequently agreed that Mr. Thompson employ a stenographer who should be paid for the actual work done for the city. The bill for April was about \$27 and the one for May about \$28. Commissioner Knollenberg insisted that the bill should be itemized according to the number of pages of copy written and not by the number of hours. After a somewhat extended discussion of the whole matter Mr. Newman made a motion that the city attorney be allowed \$1215 a month for a stenographers' salary with the understanding that the bills before the council be withdrawn. Mr. Brennan seconded this motion and it was carried by a vote of 4 to 1, Mr. Knollenberg vot-

ing against it. Officers Reports. G. P. Davis, chief of police reported arrests, 36; state cases 5 city cases 31; males arrested 31; Amount collected \$263.70. The arrests were as follows: Assault 2, abusive language 4, disorderly conduct, 17, keeper disorderly house 2, concealed weapons 1, drunkenness 5, larceny 4 vagrancy 1.

Dr. A. M. King, city health warden, reported deaths out of city 2, in city 17; deaths at insane 17 The ages were 1 to 5, two; 20 to 50, ten; 50 to 70, eleven; over 70 Contagious diseases measles 12. Complaints 5. W. T. Dyer reported fines collect-

ed \$181.50; city costs \$29.40; justice of peace costs \$52.80. Total

Miss Weller, city matron reported as follows: One boy and girl were were reported as way-laying and intimidating another boy. One girl was neglected by her mother and one father who failed to provide for Time Certificates of Deposit 254,961.91 his children and he was arrested and placed in jail. Visited seven boys in jail for stealing. Complaint was made of little girl as being neglect: STATE OF ILLINOIS, ed and ill health. These cases have been investigated and remedied so far as possible.

REPORT FORECASTS BUMPER WHEAT CROP

MAY REACH PROPORTIONS OF RECORD HARVEST OF 1901.

Government Experts Estimate Yield Will Be 744,000,000 Bushels, Enough to Mill More Than 160,500,000 Barrels of Flour

Washington, June 9 .-- A bumper wheat crop, sufficient to Lill more than 160,500,000 barrels of flour and which may reach the proportions of the record wheat harvest of 1901 if conditions from now on are exceptionally favorable was forecasted today by the department of agriculture in its June Monday morning at 10 o'clock with crop report. Government experts estimated this year's harvest would present. The usual formalities were be 744,000,000 bushels of which 942,000,000 bushels will be winter wheat-a record for this cropand 252,000 bushels will be spring wheat. The third largest acreage ever planted and favorable growing conditions account for the prospective bumper yield. An increase of more than 1 per cent over last year's acreage was planted to oats this year, but the condition of this. crop on June 1st, was below the ten year average and officials estimate the production will be 1,104,-000,000 bushels or more than 300,-0.00,000 bushels below last year's harvest. The acreage planted to barley was less than that of last year and the production is estimated at 177,000,000. The condition of spring wheat, oats and barley in the

BATTING AVERAGES OF ILLINOIS COLLEGE TEAM. •

The following are the batting averages for the members of the Illinois college baseball team for the season 1913. Only those who have played in more than three games are listed. Considering the fact that the team is largely made up of first year men the batting averages are unusually good. The record of the team in games won and lost during the season is a creditable one. Sven games have been lost and six won. The following are the averages

····· ILLINOIS WINS FROM MILLIKIN

ANNEXES GAME BY SCORE OF 11 TO 9.

Local Nine Finishes Season by Defeating Strong Team of Decatur School-Wheeler Pitches Good Game for Illinois.

Illinois college baseball team ended the season auspiciously Monday afternoon, when they defeated Millikin university, who lays claim to the championship of the Illinois Intercollegiate association by virtue of having lost but one game previous to yesterday's defeat, by a score of 11

The game was mil of interest and action throughout and both teams played hard to annex the contest. Ability to hit at the right time enabled Illinois to win the game. Evans, the star twirler of Millikin, who has been the mainstay of the eated Boston, 12 to 6, in a free hit- squad all season, was knocked out of the box in the eighth inning. Walraven was substituted in his place, but the game was already tucked away by the Illinois lads. Wheeler pitched a strong game with the exception of the third, fourth and fifth innings, when he seemed to falter somewhat and allowed the visitors to bunch hits, Jaccard, Apple and Widenham were the leading players at the bat, Jaccard getting two ole, Widenham two singles and a double. Evans and Brown for the visitors solved Wheeler's delivery, 196 linear feet of concret curb Brown getting two singles and Evans He had the other batters at his mercy.

How the Runs Were Made. Millikin went out in one, two, three order in the first and second Curbing to be bid on separately. innings. Illinois started to score Bids must be accompanied by a right off the reel. Jaccard hit the The commissioners reserve the second and he scored on Apple's single. Illinois added two more in the second after two were out. Furr reached first on an error by Delaney. Jaccard was also safe when Delaney booted his gounder. Stewart hit to singled, scoring Furr and Jaccard.

There was nothing doing for Illinois in the third inning, but Millikin scored four. An error by Apple after one was out started the fireworks. Consecutive singles by Brown and Evans, an error by Jaceard on Chynoweth's grounder, and Walraven's single did the work. Millikin added two more in the fourth on Wasen's single, two errors by Furr and a single by Myers.

Illinois came right back in their half of the fourth with two runs. After two were out Jaccards singled and he and Stewart were safe when Delaney missed Stewart's grounder. Apple followed with a double, his third consecutive hit, scoring Jaccard and Stewart. Millikin added two more in the fifth, on singles by Brown, Evans and a double by Chyn-Two hits failed to produce anything for Illinois in their half of the fifth. In the sixth, sevent'h and eighth innings, Wheeler had the Millikin batters under his thumb, al lowing only one hit in those three sessions. Illinois added on in the sixth on an error by Reed, an infield out and an error by Chynoweth. Illinois tied the score in the seventh when two runs were pushed across Widenham's single, stolen base infield cut, Evans' error and Furrs Premium on United States single. Illinois proceeded to sew up the game in their half of the eighth after one was out. Apple reached second when Reed dropped his fly. Wheeler followed with a single, scoring Apple. Widenham followed with a double, scoring Wheeler. That was enough for Evans, who gave way to Walraven. Gary struck out, Darragh singled scoring Widenham. Atchison struck out, ending the in- Due from state banks

Millikin came up for the last bat determined to do or die. Holcomb was out on a fly to Stewart, who made a beautiful diving catch. Brown drove a liner to center field which Stewart took with one hand, then dropped the ball. Evans was out, Darragh to Atchison. Wheeler hit Chynoweth. Walraven singled, scoring Brown; with Evans on third and Chynoweth on second, Wasen hit a fast one to Furr, who threw him out at first, ending the game.

SOFTNESS OF SEALSKIN.

to Rivaled by Human Hair Where Dandruff is Eradleated

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is cen tain. Scouring the scalp won't cure danaruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c, in stamps for sample to The Herpicide Co., De-

trolt, Mich. SIZES-50c. AND \$1.00 For Sale at all Urug Stores.

Blood Bath Knocks Rheumatism

Remarkable Effects of a Remedy That Actually Irrigates the Entire Blood Supply.

It sounds queer to take a but that is precisely the effect of a most remarkable remedy known as S. S. S. It has the peculiar action of soaking through the intestines directly into the blood. In five minutes its influence is at work in every artery, vein and tiny capil-Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every irritating, every pain-inflicting atom of poison; it dislodges by irrigation all accumulations in the joints, dissolves acid accretions, renders them neutral and scatters those peculiar formations in the nerve centers that cause such mystifying and often baffling

rheumatic pains.

And best of all, this remarkable rem edy is welcome to the weakest stomach, because it is a pure vegetable infusion, is taken naturally into your blood just as pure air is inhaled naturally into your

The great Swift Laboratory has spent millions of dollars in perfecting, produc-ing and placing in the hands of the public this wonderful remedy. So give your blood a good bath with S. S. S., for it knocks the worst forms of rheumatism

You can get it at any drug store at \$1.00 a bottle. It is a standard remedy, recognized everywhere as the greatest blood specific ever discovered. If yours is a peculiar case and you desire expert advice, write to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

AGAIN UNDER PRESSURE

STOCKS SHARPLY DOWNWARD

Foreign Markets Disturbed by Prospect of Renewed Hostilities in the Guineas, each Balkans-Metal Stock Especially

(By Associated Press) New York, June 9.—The principal securities markets of the world were

again under pressure today and the movement of stocks here was sharply downward. Union Pacific, Steel, St. Paul and nearly seventy other stocks of all descriptions reached new low levels for season. Foreign markets were disturbed by the prospect of renewed hostilities

in the Balkans and some uneasiness was felt in London regarding the approaching fortnight settlement. Under these circumstances further European selling here was regarded etc., to repair. Prompt attention CITY and county auto service. Rea- as natural. London disposed of personable prices. Phone Newman's haps 20,000 shares here on balance and there was some selling here on direct orders from the continent. Pressure from abroad was a factor

in the market's movement. Although the list was depressed throughout the day pressure was not as severe as on some recent days of Harney's The Leather Goods Man- heavy liquidation and the market showed less evidence of nervousness. The metal stocks were especially weak today, the copper shares declining with the steel group but the monthly statement had little effect

COURSE OF WHEAT MARKET ON UPGRADE

INTEREST TAKEN IN DEOREASE OF VISIBLE SUPPLY.

Speculators Evince a Noticeable Disposition to Get Away From Short Side of July Wheat-Corn Rallies.

(By Associated Press)

Chicago, June 9 .- Government estimates this afternoon regarding the 1913 crop of wheat proved to be almost exactly as figured out here in advance by private experts. More interest was taken in a big decrease of the visible supply to date. The outcome was a firm close at a net advance of 1sc to 1s@1sc. Corn finished a sixteenth to 4c up, oats with a gain of 1/8 @ 1/4c to 1/4 @ 1/4c and provisions varying from a shade decline to 15c increase in cost. Although wheat prices at the outset were under some selling pressure due to rains in Kansas and suffered a temporary dip at midday on account of heavy primary receipts the course of the market on the whole was upgrade.

Speculators evinced a noticeable disposition to get away from the short side of July wheat. In consequence the spread between that future and September widened out to le against %c at the close Saturday. Cern rallied with wheat after an interval of weakness, the result of large receipts and of favorable weather. The volume of pit trading was small. Despite hedging sales by cash houses, oats climbed on account of well grounded fears that the government report would show a lower condition than had been predicted. Hog market fluctuations dominated the provision crowd. As usual of late pork showed the greatest relative strength.

CHICAGO LIVESTOCK MARKET. Chicago, June 9.—Close—Hogs: Receipts, 54,000; market opened 5 @ 10c lower but decline about all regained. Louis, June 9 .- After having been postponed through nine terms of court because of the alleged illness of the defendant, the case of Mrs. Dora Doxey-Whitney was taken up in the St. Louis county court at Clayton today for trial. Mrs. Whitney has been a defendant in the courts of this vicinity for four years, first on a charge of murder, and then on a charge of bigamy. She first was indicted after William J. Erder, Erder, a St. Louis postal clerk she married at Clayton, died, leaving her an isurance policy on his life. A trial in this city on the murder charge resulted in an acquittal. Mrs. Doxey, as she then was, and her husband, Dr. Loren B. Doxey, taen went to Tennessee. Dr. Doxey's body later was found in the Tennessee river at Clifton, Tenn. It was reported a case of suicide. In the meantime Mrs. Doxey had been indicted for bigamy, on the ground that she had married Erder while still the wife of Dr. Doxey. Soon after the death of Dr., Doxey, the widow went to Greer, Idaho, where she married a man named Whitney. Whitney is her sixth husband.

CRUSHERS'MEETING POSTPONED Chicago, June 9 .- The annual convention of the Interstate Cotton Seed Crushers' association, which was to have opened in Chicago today, has been postponed for two weeks. The ostponement was made in order that the members might have an opportunity to attend the convention of the Oil Mill Superintendents' association in Little Rock this week.

Safety and Convenience Combined in Its Oil Reservoir, with Indicator

In every little detail of its con-struction, the NEW PERFEC-TION "Wick Blue Flame" Oil Cook-Stove presents the utmost in completeness and efficiency. Even its oil reservoir is a marvel of perfection and safety. This reservoir rests upon a feed-tank, from which the fuel is distributed to the burners. The reservoir is independent of the feed-tank, and, to be filled, is merely lifted and turned upside down. The re-filling of the NEW PER-

FECTION does not require ex-tinguishing the fire in the stove. Explosions and gassy vapors are here impossible.

The indicator on the reservoir

is a mighty handy thing. Shows at a glance just how much of a supply of oil you have. Never gets out of fix.

There are scores of other advantages in the NEW PERFECTION Oil Cook-Stove that your dealer will gladly demonstrate.

See him—TODAY!

GOVERNMENT ISSUES

SMALLEST SINCE 1910.

Condition is 93.5 Per Cent Compared With 95.8 Last Year-Total Production Estimated At 252,-000,000 Bushels.

Washington, June 9,-Some idea of the area planted to the great grain crops of the country and of with the exception of corn, was given today when the department of ings for \$10.00 and costs. agriculture at 2:15 p. m., issued its June crop report showing the condition of these grains on June 1, the acreage planted to each and estimates of the yield per acre and the total production, based upon the ratio of the average condition on June 1 to the final yield in preceding years. These statistics were gathered from the many correspondents and agents of the department's bureau of statistics and compiled by the crop reporting board. Statistics for the various crops, with comparisons for other years, follow: Spring Wheat:-Area planted,

18,663,000 acres, compared with 19,243,000 acres last year, 20,381,-000 acres in 1911, and 18,352,000 acres in 1911, and 18,352,000 acres in 1910. Condition, 93.5 per cent of a normal, compared with 95.8 per cent last year, and 93.8 per cent the 10-year average. Indicated yield, 13.5 bushels, per acre, compared with 17.2 bushels last year and 13.3 bushels, the 1908-12 aver-Estimated total production, 252,000,000 bushels, compared with 330,348,000 bushels last year, 190,682,000 bushels in 1911, 200,979,000 bushels in 1910, and 265,000,00 in 1909.

Winter Wheat:—Area planted, 30,938,000 acres, compared with 26,571,000 acres last year, 29,162,000 acres in 1911 and 27,329,000 sixty days. acres in 1910. Condition, 83.5 per cent of a normal, compared with 91.9 per cent on May 1 this year, 74,3 per cent June 1, last year and 80.7 per cent, the 10 year average. Indicated yield 15.9 bushels per acre, compared with 15.1 bushels last year and 15.2 bushels, the 1908-12 averages Estimated total production, 592,000,000 bushels, compared with 399,919,000 bushels last year, 430,656,000 bushels in 1911. 434,142,000 bushels in 1911 and 418,000,000 bushels in 1909.

All Wheat:-Area planted, 49, 601,000 acres, compared with 45, 814,000 acres last year, 49,543,000 acres in 1911 and 45,618000 acres Condition, 87.2 per cent a normal, compared with 83.3 per cent last year and 86.1 per cen' the 10-year average. Indicated yield 15.0 bushels per acre, compared with 15.9 bushels last year and 14.5 bushels, the 1908-12 average. Estimated total producting, 744,000, 267,000 bushels last year, 621,338, 000 bushels in 1911, 635,121,000 bushels in 1910, and 683,000,000 bushels in 1900. bushels in 1909.

Oats: -Area planted, 38,341,000 acres, compared with 37,917,000 acres last year, 37,763,000 acres in 1911 and 37,548,000 acres in 1910. Condition, 87.0 per cent of a normal compared with 91.1 per cent last year and 88.4 per cent, the 10-year average. Indicated yield, 28.8 bushels per acre, compared with 37.4 bushels last year and 29.7 bushels the 1908-12 average. Estimated bushels, compared with 1.418.337. 000 bushels last year. 922,298,000 bushels in 1911, 1.186,341,00 bushels in 1910 and 1,007,000,000 in

Barley: -Area planted, 7,255,000 acres, compared with 7,530,000 acres last year, 7.627,000 acres in 1911 and 7,743,000 acres in 1910. Condition, 87.1 per cent of a normal, compared with 91.1 per cent last year and 90.5 per cent, the 10-year average. Indicated yield, 24.9 bushels per acre, compared with 29.7 bushels last year and bushels, the 1908-12 aver-Estimated total production age. Estimated total production 177,000,000 bushels, compared with 223,824,000 bushels last year, 160,-240,000 bushels in 1911, and 173, 832,000 bushels in 1910.

Rye: -- Condition, 90.9 of a normal, compared with 91.0 per cent on May 1, 1913, 87.7 per cent on June 1 last year and 89.7 per cent, the 10-year average. Indicated yield, 16.5 bushels per acre, compared with 16.8 bushels last year and 16.2 bushels, the 1908-12 average.

normal, compared with 88.5 per cent on May 1, 1913 and 89.8 per cent last year.

Pastures: - Condition, 87.5 per tent of a normal, compared with 87.1 per cent on Map 1, 1913, 93.7 per cent in 1912 and 89.5 per cent, the 10-year average.

Grand Opera House

H. L. HUNT, Manager.

Jacksonville has a chance to see a really great program tonight, and at a remarkably low price. At great expense the management has secured the Romany Opera company including nine stars. They will give gems from many of the popular operas tonight and at the various other performances of the week. The company includes, Adeline Dossena, prima donna; Estelle Bevan, soprano; Llcille del Fiume and Charlotte Anderson, mexxo sopranos; M. Resmini, tenor; A. Marriosti, tenor; E. Porcini, baritone; Alexander Bevan, bass; L. E. Rosebrook, director.

The picture program will begin at 7 o'clock and the Romany program at eight o'clock. The prices will be 10 cents, gallery; 15 cents, balcony and 25 cents lower floor.

Glance at Today's Picture Program

A Trap to Catch a Burglar

A vitagraph comic. A man gets caught by a suffsagette's inventive genius. He tangled up in a petticoat affair. A funny predicament for a self respecting citizen. Come and see if it is'nt.

The Italian Bride

A gripping dramatic Pathe play, illustrating the rivalry of two brothers for the hand of one girl.

The Horse That Wouldn't Stay Hitched

A Kalem western comedy with a horrible kick

In the Harem of Hashchem

A Lubin production that will keep your eyes glued to the screen

Broncho Billy's Brother

An Essanay western with plenty of excitement

FOUR BUILDINGS BURNED AT ALEXANDER MONDAY

Fire Started in Blacksmith Shop and Was Soon Communicated to Nearby Structures-M. E. Church

in Ashes. . \

Four buildings in the business section of Alexander were burned Monday afternoon between four and five o'clock in the largest fire in the history of the village. They were J. W. Reif's blacksmith shop, the M. E. church, the Kumle Bros. building which contained merchandise belonging to F. J. Kaiser and a

flour house containing a stock of

flour and feed belonging to Mr. Kaiser. The loss was about \$12,000, The destruction of the blacksmith shop represents a heavy loss for Mr. Rief. He built the shop new twelve years ago and has been investing his surplus capital in improvements ever since. Mr. Kaiser was also a heavy loser, with the destruction both of the goods in the storeroom and the flour house and con-The church building although an old one was in good repair having been overhauled and repaired less than two years ago.

The fire broke out at 4 o'clock in Mr. Rief's blacksmith shop, most probably from a coal-oil explosion. The Methodist church was soon in flames, burning to the ground with total loss of \$3,500, \$1,600 which was covered by insurance. The Kumle Bros. building containing hardware and other goods belonging to Mr. Kaiser caught next. By this time the flour-house of Mr. Kaiser was well under way toward destruction. As there is no fire department in Alexander, the only resort was a bucket brigade which almos everyone in town joined and worked with a will. Many came in in automobiles and helped the best they could until 5 o'clock when the fire was under fair control. A stiff breeze blowing at the time made it look for a time as if the work of the volunteer firemen would be in

LAD FELL BENEATH CARRIAGE. Francis Keating, little son of Mr and Mrs. Dan Keating, was painfully injured Monday afternoon when he fell beneath a carriage on East Court street and was run over. The lad who is eight years old, jumped on the step of a passing street carriage. He did not notice the glass door and struck it with such force that he was thrown to the ground and the rear wheel passed over him just above the abdomen. He was taken to Our Savior's hospital where Dr. Carl E. Black attended him. Mr. Keating was at the hospital at the time visiting his father in law, Mr. Ryan and it was quite a shock to him when his was brought in
